The Adonis is a **new class of unloader brace** for medial or lateral OA. The Adonis' dynamic ***joint distraction hinge extends by 1cm*** during knee extension, providing targeted unloading and pain relief to the affected compartment.

## KEY INNOVATION

### JOINT DISTRACTION TECHNOLOGY

As you walk, the Distraction Hinge extends by 1 cm. to separate the joint. The hinge works in synergy with a three-point unloading strap system to provide a "one-two punch" for superior joint unloading.

### Product Features

- Average weight is less than 10 oz.
- Corrects varus/valgus deformity
- Intuitive strapping
- Low profile frame
- Anti-migration system for maximum compliance
